

#### **Map 4**

##### **Center Village (Brookfield, Mass) 1830**

This map shows the way Central Brookfield was laid out in 1830. As you can see this map displays the location of important historical buildings like the school, Unitarian Church (which was the Old Meeting House), taverns and various other buildings and houses. Also shown are roads leading from Brookfield to North Brookfield, Sturbridge, Charlton and Worcester. In the right corner there is a section that leads to West Brookfield and Springfield. Also shows Foster Hill Road. Today Charlton Road is called Mill Street, the road to Sturbridge is called Fiskdale Road/Route 148 and there is a road that cuts from Old Post Road to the stage road to Worcester, which is called Route 9.
