

## **Map 45**

### **Relocation of Business After Sept. 1902. Town Hall Fire With Floor Plans**

Map number 45 illustrates the relocation of businesses after the Town Hall fire on September 4, 1902. On the left side of the map you will find, four floor plans showing business locations within the old wooden Town Hall. On the bottom of the map, you will find Central Street in Brookfield as well as Prouty Street and other various roads. The numbers that you find pointing to businesses, correspond to the table above (*Center of Map*). A blue numbered circle shows the location of the business prior to the Town Hall fire. An orange numbered circle shows the new relocated site after the Town Hall fire. To find where a business relocated to, you find the blue-circled number and then find the corresponding orange circle with the same number. Now you can use the table to discover the descriptions of that business.
